Issues that Occurred:

Issues with the checkout section and the SQL database storing checkout items. Development was started on the admin page but not fully complete.

Progress Overview:

The Plex site and SQL server is fully functional and testing has been completed. Admin page is still in progress with Admin login been developed however the actual page needs to be developed. New css layout has been implemented thats more accessible and easier to navigate

Tasks To Complete:

- Finish Completion of Admin Page
- Finish Completion of Checkout
- Minor CSS improvements
- Introduction of Paypal
